

PETITE COMPANY

2024 - 2025

Petite Company is for dance students that love to perform and are looking to get more involved in dance. This is a supportive and encouraging team for students to build their confidence and showcase their talent with group performances.

The Petite Company will have a weekly class where they learn and practice dances for performances. Throughout the year they will perform at fun local events and attend 3 team competitions. All expenses are conveniently combined into 1 monthly fee.

Petite Company is an extension of Ovation Studios Performing Company. Throughout the season petite dancers will be included in events and with the full company.
