

TUMBLING TEAM

2024 - 2025

Join our Tumbling Team and develop agility, strength, and technique in tumbling skills. As a member of Tumbling Team, you will have the opportunity to showcase your skills at a series of tumbling meets throughout the season. These meets not only provide a platform to demonstrate your progress and performance but also offer a chance to bond with your teammates and embrace the spirit of friendly competition.

Tumblers will learn an individual compulsory tumbling routine based on their skill level that they will practice throughout the season and compete with at meets. Students have the option of also competing in Mini Tramp. Whether you're a beginner looking to improve or an experienced tumbler seeking to refine your technique, our Tumbling Team welcomes individuals of all skill levels.

Join us this season on the mat as we strive for excellence and camaraderie in every tumbling routine!
